Farm Friends BFF (Best Farm Friend) Enrollment Form 2020

Thank you for enrolling in our Farm Friends BFF Program here at Jaklamas, LLC - for the 2020 growing season.

We strive to grow and produce high quality produce, eggs, and meats here on our farm and are glad you decided to share in our bounty. We run a diverse family farm using organic principals and a holistic approach. Our interactions with the environment are designed with sustainability as the forefront of our goal.

We have planned our 2020 growing season carefully but with the influence of the weather, and natural forces, our projected yields of any individual crop will vary. The unpredictable nature of farming is caused by Mother Nature's influences on insects, disease, fungus, weather, animals – all of which can be beyond our control. Last year we had a bumper crop of potatoes and onions, but the leeks were lacking.

Our program differs from a CSA (Community Sponsored Agriculture) in that it is entirely up to you to decide what you want and when. This is an ordering system that you are joining and not a share program.

Please note the following for the Farm Friends BFF Program for 2020:

- There is a \$150 enrollment deposit payable between April 15th and June 15th. This \$150 is a deposit on your first \$150 of purchases. Refunds will be given only in exceptional circumstances (moving, sickness, etc.).
- There is a \$1 processing fee to enable us to use a gift card system to track your deposit. Please bring the gift card with you when you are picking up your orders. It will be swiped, and the remaining balance will carry forward. We can reload additional deposit money onto the card for those of you who like to pay in advance and not worry about bringing cash or checks with you. There is also an eGift Card option available at our online store at www.jaklamasorder.com for \$154 The eGift Card is especially easy for online ordering.
- By agreeing to the pre-purchase deposit of \$150 you will receive a 10% discount on the listed farm cost of anything except for workshops, beef, turkeys, pork and things in jars. I had to remove the jarred items because the \$1 jar deposit became too confusing for proper crediting. If you preorder chickens you will already be getting the 10% discount, so you cannot double the discount.
- You will receive the 10% discount on your purchases from May 15th through October 31st.
- You can use the balance on the card to purchase any products we carry, even though not all will receive the discount. The card can be used at Farmer's Markets we attend.
- If you choose not to make the deposit, you can still receive the Farm Friends emails, and order at any time as offered, but you will not get the discount.

- Most weeks during the main growing season, there will be various emails with the offerings for specified date pick-ups.
- Pick-up times will be clearly stated on the email. After the produce season begins, this will be Wednesday evenings 3 to 7 PM or Saturday afternoons 2-4 PM.
- We can bring your orders for produce, eggs, and breads to farmer's markets for you to pick up. You can use the gift card to pay for any items at the farmer's market but remember beef will not receive the discount.
- It will be your responsibility to submit orders in a timely fashion to pick up on either Wednesdays or Saturdays. There may be different provisions available on different days. Please be aware of this in advance.
- It will be your responsibility to make sure that you spend your **\$150 of credit before October 31st** . After that date, you can continue to use your balance on your card for purchases, but you will not receive the discount.
- I will be keeping a record of your email orders to help track your investment.
- Please do not create a group BFF... we are generous but for a simple \$150 investment for foods you will be ordering anyway, you would be taking advantage of us.

Please initial the first page to show receipt of the program information.

Please consider registering early to ensure availability. I will only be committing to 30 BFF contracts. There are an unlimited number of Casual Farm Friends available.

Please contact us directly for additional payment options.
